386	21 March 2001	BUY	I have and original FM2 (1982) and a Nikon FE (my favorite). I am from Guatemala (located in Central America); I enjoy photographing frequently. But, I just want to make a question, if you can help me... If it's possible, I'd like to know a place on the web to ask for a bottom mounting plate for FE or FM2 because my old FE was almost destroyed for a repair service man here in the city, and the top mounting plate was change for a new one FE2 (silver). Taking into consideration my original FE was black, it looks different with silver top plate, so I'm considering to change the bottom plate to a silver one instead of the original black one. Please provide a fair price as I cannot afford too high of a cost for the replacement part. Regards and thanks again!
